# INSTRUCTIONS ON HOW TO GET CARE

## YOUR MAIN DOCTOR IS YOUR PRIMARY CARE PROVIDER (PCP)

As a DHMC member you must have a PCP to get health care. If you do not have a PCP, call Member Services at (303) 602-2116 or toll free at (800) 700-8140 TTY/TDD users should call toll free (866) 538-5288 (for the hearing impaired).

Your PCP is the doctor who gives you your basic care, refers you to special doctors, and makes sure you get the care you need. PCPs can be doctors from Family Practice, Internal Medicine, Geriatrics, Pediatrics, or Ob/Gyn. You should be getting all of your health care services and referrals from you PCP, except for emergency care, urgent care, or regular eye exams. You do not need a referral to see a DHMC Ob/Gyn for pregnancy services or Gynecology.

## CHANGING YOUR PCP

If you want to change the PCP for you or a member of your family, please call Member Services at (303) 602-2116 or (800) 700-8140 TTY/TDD users should call toll free (866) 538-5288 (for the hearing impaired).

## VISITING A SPECIAL DOCTOR

If you are a new DHMC Member and you are more than 3 months pregnant, you may keep seeing your current doctor until after your baby is born. If you have Special Health Care Needs you may keep seeing your current doctor for up to 75 more days after you become a DHMC Member. If you are not pregnant or you do not have Special Health Care Needs, you must see doctors that work at Denver Health. You will need to call DHMC Medical Managements at (303) 602-2140 and let us know that you are pregnant or have Special Health Care Needs. Your doctor can ask DHMC to let you see a doctor outside of Denver Health.

## WHAT TO DO IN AN EMERGENCY

Call 911 or go to the closest hospital if you have an emergency or urgent care need. Let your PCP know as soon as possible so that he/she can help with your care. You do not need pre-approval from DHMC to get emergency or urgent care services. You do not have to pay for non-Denver Health emergency room or urgent care visits. If you or a family member is seen at a hospital other than Denver Health Medical Center for an emergency, you need to call DHMC Medical Management at (303) 602-2140 within two days or as soon as you can, so we may help with your care.

## PERMISSION IS NEEDED FOR SOME HEALTH SERVICES

You or your PCP need to get permission from DHMC for some services before you get the services. Those services are listed in the chart below.

NOTE: If you choose to see a doctor who is not in the DHMC network without permission from DHMC Medical Management, you may need to pay for all of the charges. DHMC may not pay for these charges. If DHMC Medical Management send you outside of Denver Health for services and you get a bill from that outside doctor, you should not have to pay the bill. The bill should be sent to DHMC. Call Member Services if you have a question about a bill.

<b>SERVICES WHICH NEED PRIOR AUTHORIZATION</b>
<b>Durable Medical Equipment</b>
<b>Genetic testing</b>
<b>Home Health Care, including IV therapy</b>
<b>All hospital stays that do not happen at Denver Health Medical Center</b>
<b>Outpatient surgery, except those procedures performed in a doctor's office</b>
<b>Prescription drugs that require prior authorization (these are listed in the Denver Health formulary)</b>
<b>Kidney dialysis</b>
<b>Skilled Nursing Facilities</b>
<b>Transplant evaluations and procedures</b>

# IMPORTANT INFORMATION

This book can help you get health care.  
This book has a list of all DHMC doctors. Changes may be made to this list at any time  
This list is current as of December 2011.

At any time, you may call Member Services or visit our website at  
[www.dhmedicaidchoice.com](http://www.dhmedicaidchoice.com) to get a newer Provider Directory.

Being in Denver Health Medicaid Choice does not mean you will always see a certain doctor. When you make an appointment on the appointment center line, you may be scheduled with the correct office, but not a certain doctor. If you would like to make sure a doctor is available, call Member Services. All doctors in this Provider Directory accept new Denver Health Medicaid Choice Members.

If you would like other details about a doctor like their age, gender,  
or race/ethnicity, you may call Member Services.

This Provider Directory, and all other member information, is available in other languages, Braille, large print, and audiotapes. Please call Denver Health Medicaid Choice Member Services (number below) if you need this Provider Directory in a different language or form.

DHMC provides interpreter services for many languages at no cost to our members. If you would like to use an interpreter during your clinic visits, please tell the Appointment Center representative when you make your appointment. If you would like to use an interpreter for any other health care need, please call Member Services.

DHMC also offers TDD/TTY services for the hearing impaired. The TDD/TTY phone number for Member Services is listed in the "Important Phone Numbers" section below. If you need a sign language interpreter or other assistance during your clinic visits, please let Member Services know before your appointment date so arrangements can be made with an interpreter.

Many of the Denver Health doctors are board certified in their speciality by the American Board of Medical Specialties.

This means they have had further training and have taken the tests needed to be considered one of the best in their field.

The doctors in this book who are board certified are noted with an “\*” in front of their name.

You can check a doctor’s board certification by going on the internet to this web page address:  
[www.abms.org](http://www.abms.org).

This web service is managed by the American Board of Medical Specialties.

There are many Medicaid Choice providers who speak more than one language.

If a provider speaks any other language besides English, this language will be shown in parentheses ( ) next to his or her name. You may use the key below to identify the other languages they speak.

Example: \* John Smith, MD (SP) means Dr. Smith is board certified and speaks Spanish and English
